TECHNICAL SKILLS

Cybersecurity (foundational)

- Cybersecurity fundamentals
- Threat awareness
- Security best practices
- Vulnerability awareness
- Digital safety
- Network security fundamentals
- SOC operations fundamentals
- Incident response fundamentals
- Ethical hacking fundamentals
- Information security

Programming & Web

- JavaScript
- Python
- HTML
- CSS
- Basic programming

Networking

- Network installation
- Network troubleshooting
- TCP/IP fundamentals
- Connectivity troubleshooting
- Network infrastructure
- Basic network equipment deployment

Systems & IT Support

- Windows
- Linux & Kali (intermediate)
- Technical support
- Hardware and software troubleshooting

Tools

- Visual Studio Code
- PyCharm
- Microsoft Office

PROFESSIONAL STRENGTHS

- Analytical problem-solving
- Technical troubleshooting
- Communication
- Continuous learning
- Teamwork
- Adaptability
